D Collaboration Tools for Committees, Covenant Circles, and Congregations

Interested in reducing the number of face-to-face meetings you need in order to plan an event for your congregation? Wishing you could make progress on goals *between* committee meetings as well as during them? Longing to deepen conversations that start in Covenant Circles but haven't quite finished when your scheduled gathering concludes? Learn how Google Sites, Google Docs, and similar free, web-based applications can provide online tools, workspace, and discussion space for addressing these needs - and more. Leave with tips for getting the most from these tools, practical ideas for when to use them, and concrete next steps for bringing your ideas to fruition.
