Our Whole Lives (OWL) is based on a philosophy of comprehensive sexuality education that helps participants make informed and responsible decisions about their sexual health and behavior. Grounded in a holistic view of sexuality, comprehensive sexuality education provides not only facts about anatomy and human development, but also helps leaders to clarify their values, build interpersonal skills, and understand the spiritual, emotional, social, and political aspects of sexuality as well.

Praise for OWL: “As a scholar and activist in the field of child welfare, and as a parent of a teenager who has participated in the program, I deeply appreciate the wisdom imparted by *Our Whole Lives*. *Our Whole Lives* transmits a great deal of valuable information, but more importantly, it promotes compassion and responsibility. As my 15-year-old told me, ‘*Our Whole Lives*’ does much more than teach us plumbing, Mom. It helps us to know what we should do in a difficult situation.”
Sylvia Ann Hewlett, Chair, National Parenting Association
