

Dear Chalice Lighters:

As Margaret Mead so aptly noted, "A small group of thoughtful people could change the world." You, dear Chalice Lighters, were our group! Thanks to the Chalice Lighter grant we received this winter, we will be able to extend our reach into the neighborhood, adding energy-saving big windows and doors and a patio to our social hall and foyer and making our "backyard" into a safe, green, state-of-the-art playground that can be enjoyed by both children and adults.

Our little "fortress" just might become a new community center! We realize that a building is just a building, but for us it has become a symbol of commitment, a means of showing ourselves and the rest of the community how much we care about each other and this inspiring religion. These are the seeds for real, significant growth, and our optimism is contagious, so do come visit us later this year to see the results!

With profound gratitude,
Pat & Don Mohr, Co-presidents
Unitarian Universalist Congregation of Columbia
